

Onsdag 9. januar

Torsdag 10. januar

The chart displays a temperature profile (blue line) and various weather indicators. The y-axis represents temperature in degrees Celsius, ranging from -16 to 4. The x-axis represents time in hours, from 10 to 06. Weather icons include clouds, sun, moon, and snow. Wind direction and speed are shown by arrows at the bottom. Precipitation is indicated by blue hatched areas with numerical values.

Time	Temperature (°C)	Weather	Precipitation (mm)	Wind
